Subject: Determination of Completeness
Haywood County White Oak MSW Landfill
Haywood County, Permit #44-07, Document ID 16917

Mr. Vail:

The Division of Waste Management, Solid Waste Section (Section) has completed the review of the document titled *Response to Determination of Completeness Letter* (DIN 16894). The document was received in the Asheville Regional Office on July 12, 2012.

With this response, the application for a substantial amendment to the Permit to Operate has again been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid and all of the components required by 15A NCAC 13B.1617(b) have been submitted so the application is deemed **complete**.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
